Tools:
Git • Figma • Vercel • Docker

INTERESTS

- Travelling
- Investing
- Chess

EXPERIENCE

PRIYAM IT SERVICES | Full Stack Developer
Jan 2023 - Sep 2023 | Pune
- Delivered web solutions for 10+ clients in IT, e-commerce, and agriculture sectors.
- Achieved a 95% project completion rate, consistently delivering projects on time and within budget.
- Produced detailed documentation, aiding clients in post-launch management.

QVIPLE | Front-end Developer
July 2022 – Dec 2022 | Remote
- Designed and developed mobile-focused websites for optimal user experiences.
- Developed library module functionalities that allowed librarians to efficiently create, edit, access, and view books, streamlining their workflow and enhancing library management processes.

PROJECTS

PERSONALIZED COURSE GENERATOR
- Developed a system that harnesses the power of artificial intelligence (AI), specifically OpenAI's GPT models, to autonomously generate comprehensive personalized educational courses.
- Utilized Next.js and integrated ChatGPT, YouTube, and Dale-2 APIs for content retrieval.
- Designed it with Dockerization for easy deployment and configured NGINX for efficient traffic routing. This made the platform adaptable to a growing user base and traffic demands, used Digital Ocean for hosting.

E-COMMERCE SOLUTION FOR SMALL BUSINESSES.
- Enabled seamless site management for shop owners through a comprehensive dashboard, coupon functionality, and payment processing capabilities.
- Successfully implemented for over 10+ shops.

ALUMNI PORTAL FOR COLLEGES
- Developed a portal that helps college students connect with their past alumni for guidance and placement help.
- Registered by more than 4000 students and alumni.

DOOR STEP SERVICES PROVIDING WEB APP
- Developed a platform enabling professionals to offer services and users to easily book services like electrical work.
- Developed using React, MongoDB, Express and Node.js

POSITION OF RESPONSIBILITY

E-CELL TECH LEAD
- Served as a Technical Lead at the Entrepreneurship Cell, overseeing tech-related aspects of various events.
- Managed event setups and technical tasks, highlighting organizational and leadership abilities in ensuring smooth tech operation
